

Choosing Gratitude, Faith, and Love

As I look at everything Logan's Little Warriors continues to accomplish, one word comes to mind: gratitude.

I'm so thankful for our amazing team, the people who show up when I can't and bring the energy when I don't have any left. To our sponsors who make so much of what we do possible, our supporters and followers who continue to believe in us, and every person and family who participates in our programs, thank you.

You are helping make a dream come true: a dream to make a difference in this world, one child, one teen, one mother, one father, and one family at a time.

I couldn't do this without all of you, and I am so grateful that we are on this journey together.

We can't always choose what happens to us, but we can choose how we respond. Together, we can choose faith over fear, light over darkness, peace over war, and love over hate. Every day, we have the power to shape our path and create a brighter future.

With gratitude,
Kerrie

Psychology of Money at Saint John's

Logan's Little Warriors continued our Program for Real Change at Saint John's with a Psychology of Money workshop focused on helping women better understand their relationship with money.

During the workshop, the women talked about the beliefs, habits, and experiences that can shape how we think about money and the financial choices we make. They had the opportunity to reflect on what they learned about money growing up and how those experiences may still influence their decisions today.

While the women participated in the workshop, the kids had a fun activity of their own. They painted piggy banks, got creative, and learned a little about the importance of saving. It was great to see their personalities come through in each piggy bank they decorated.

The day gave everyone a chance to learn, create, and spend time together. The women were able to have great conversations while the kids stayed involved and had plenty of fun.

We're grateful to continue spending time with the families at Saint John's and bringing our Program for Real Change to their community

Logan's Little Warriors Teams Up with Albert Ochoa

Logan's Little Warriors was proud to team up with professional boxer Albert Ochoa for his Media Day and Open Workout in Sacramento. It was a successful day filled with community, smiles, and giving back.

We were especially happy to welcome families from Saint John's to join us for the day. The kids received new backpacks and school supplies to help them get ready for the school year.

They also had the chance to meet Albert, watch his open workout, and spend time with everyone there. It was wonderful to see them smiling, laughing, and having so much fun.

ABC10 and Univision were there to cover the event and share the day with the community.

A big thank you to Albert Ochoa and his team, Saint John's, and everyone who helped make the day possible. We're grateful for every opportunity to bring people together and create positive experiences for the kids and families we serve.

Thank You, Life & Libations

A big thank you to Life & Libations for organizing the Poolside Bash: Island Luau Edition in support of Logan’s Little Warriors.

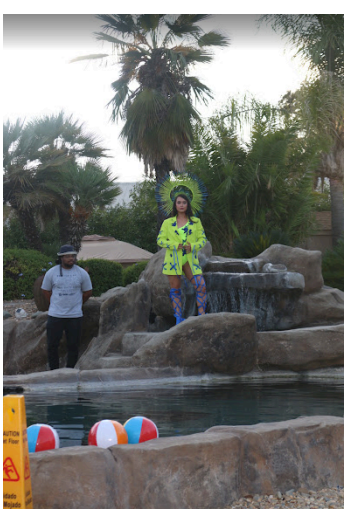

The Poolside Bash brought people together for a fun summer event while giving back to the kids and families we serve. All proceeds from the event will benefit Logan’s Little Warriors, helping us continue to create opportunities for kids to build confidence, try new experiences, and make lasting memories.

We are so grateful to Life & Libations for choosing Logan’s Little Warriors as the beneficiary of this event. We also want to thank everyone who attended, supported the event, and helped make the Poolside Bash a success.

Community support like this allows us to continue doing what we love most: showing up for kids and giving them experiences they can carry with them for years to come.

Thank you, Life & Libations, for supporting Logan’s Little Warriors and the kids we serve!
